MEMORANDUM FOR: Director of Personnel
FROM: Director of Central Intelligence
SUBJECT: Recruitment of DDO Career Trainees with
Scientific and Technical Backgrounds

1. This will confirm our discussion on CT recruitment during my meeting with the recruiters on 14 September 1979.

2. It has been apparent for some time that more and more collection requirements of a scientific or technical nature are being levied on the Operations Directorate. I would like, therefore, to ensure that sufficient attention is being given to the recruitment and selection of Operations Directorate Career Trainees with experience and academic background in the physical sciences and in engineering fields. The employment of officers with the desired scientific and technical skills will clearly be of significant assistance in meeting critical collection requirements.
